Director of Facilities provide campus projects updates:

Proposal for temporary repair of Horticultural Wall received and the work will be completed during the winter break.

Site visit completed on 12/5 with architect and structural engineer at Horticulture Wall to design permanent solution.

Wireless Access Points installed in PS Bldg rooms PS 205, 207 & 300 - completed

Campus Safety:

There has been an uptick in unhoused people loitering in Pershing park. The City of Santa Barbara started a pilot program for private security to monitor the unhoused community at parks throughout the city. They are letting them sleep in parks overnight. There are no restrooms open at Pershing park throughout the day and night. We are requesting fencing be installed around our SBCC conex box and grandstands.

Campus Safety Incidents - The Director of Campus Safety and Emergency provided the committee with an update on a variety of calls received over the past month.

Risk Management Items:
